## Soda Lovers Rejoice

It's Wednesday at 8pm est. You're ready to watch Skeleton Realm LIVE! and you are "thirsty as hell." Too bad all your cups are jacked up and full of disgusting dust, mud, and probably fecal matter from your ass that floats all around your house because your house is a disgusting pig pen. Wouldn't it be nice if you had a clean tube shaped recepticle to hold your ice cold soda and KEEP it cold during an entire episode of Skeleton Realm LIVE!?! Good news. It's here. The Soda Tube from Skeleton Realm.

Enjoy.

# BULLY AND TEACHER'S PET

BY DOUG BLEICHNER

"You're such a teachers pet dude!" Shouted the Bully. The Teacher's pet's cheeks went red. "Hush! We need to be quiet!" The Bully perked up and clapped three times quickly. "Why? Because the teacher said so?" The bully laughed. "Students! Hush NOW!" shouted the teacher. The Bully started clapping loudly. He clapped over and over. "Damn! My hands hurt and are red from all this clapping!" He said as he sat back and stopped clapping. "Hush! You're going to get us in trouble with the teacher!" The teachers pet whispered. Just then, the teacher yelled out. "Hey teacher's pet! I just heard you whispering! Keep quiet! You're in trouble"

The teachers pet was now even more bright red than before. His cheeks were burning red. "But teacher! I am the pet - I was just telling bully to- " The teacher cut off the pet "Hush! Now! I'm going to leave the room for a second." The teacher left the room. When she did, the Bully stood up and approached the pet.

The Bully began pinching the pet hard and it hurt the pet. "Ouch quit it!" shouted the pet. After pinching the pet for about one minute the Bully ran back to his desk. Just then, the teacher

entered the classroom and sat at her desk once more. The pet was still hurting from the pinching and let out a loud shriek. "Yeeeeeeeeoooouuuchh-hh!!! Those pinches sure did hurt Bully!"

The teacher had had enough. "Alright that's it pet, you've got detention! I don't care how many apples you brought me today! Detention time for pet!" The pet was totally demoralized and put his head down. He was totally done with Bully and just wanted to serve his detention time now, then "Get Out!"

Pet looked back one last time at Bully to see if he was done screwing with him, but when Pet turned his head, bully was not there. Pet raised his hand. "Yes pet? You've raised your hand, now you may speak!" said the teacher.

Pet was dumbfounded, "Teacher... Where is bully?" "who?"

"Bully! He was sitting behind me."

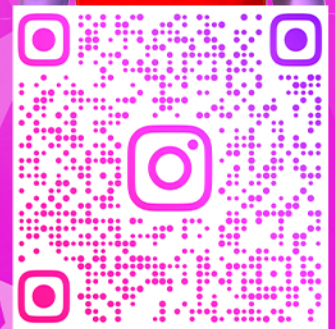

"Pet it's just me and you, and it always has been! Now get ready for detention!"

Pet couldn't believe what was happening. He didn't care anymore. He wanted to serve his detention so he did. He never saw Bully again and was totally freaked out

# KNOW THIS SONG?

## Lyrics

The song had no lyrics

## Beat

Somewhere around **60-300 BPM**. Please note that I am **beat deaf** and can't recognize rhythm very well. Time signature was something like **4/4**.

## Instruments

- About 3 drums
- Something between an accordion and a violin
- Theremin

## Notes

I've always been **tone deaf**, but I can definitely identify a few notes within the piece.

- C#
- E
- F#
- B b

Me jamming to this song at the time of listening

If you know the song, please DM me on Discord!

## Tooth Thief Strikes Again!

### Say Goodbye to Your Bones

By **Torsten Stanfels**

Recipient of TBN's Longest Break Award

*"Everyone deserves a second chance,"* says 9 year-old Sam Kerning, *"except the Tooth Thief..."*

Last wednesday evening Sam felt a wiggle and a pop in his mouth - a molar fell to the ground. He drank his glass of nyquil and headed to bed with hope in his eyes; last year, the Tooth Thief had left him \$2.50 for his incisors\*. This time, when he awoke he flipped his pillow and saw \$3000 cash atop the bedsheet. He scrambled out of bed and collapsed, the Tooth Thief had not only taken his molar, but also his tibia.

Sketch of Tooth Thief Sighting

TBN had the opportunity to interview the Tooth Thief in his Hollywood bungalow off Sunset Blvd. He explained, *"It was the next logical step. I've been wanting to make the move to bones for some time now but people have been hiding them from me."*

Parents are left wondering if their children's bones are safe TBN's security advisor recommends that parents use a bone hue plugin to edit prior family photos so as to further confuse the Tooth Thief.

## Vote No on Proposition 34!

By **Eric Derrickson**

Proposition 34 could have greater consequences than you might think!

Here are just a few things that will happen if the law passes

- Your pets are never coming back
- You better learn to hold your breath, that'll become important
- Any light considered a night light as per Tendleton community

housing guidelines will be extinguished. Sounding less like the fairytale than Don Copack says it will be, doesnt it?

*"My daughter's teacher told her to stop eating until we promised to vote yes on Prop 34,"* says an outraged Tendleton elementary parent. *"If Prop 34 passes, I'll be dead by this coming winter,"* says the head of the Anti-34 militia, who wished to remain nameless.

All this is to say, maybe think twice before you enter the voting booth this November

### ANNOUNCING HAPPY HOUSE

*This house will leave you screaming... with joy*

# Don't Trust Yourself: Choose Jankson.

For Fifty years Jankson has been the go to for providing nick-nacks and gadgets to spacefarers across the Galaxy. Our CEO "Tech Tickler" Troy Troban is committed to providing meaningful creations that overlook humanity's flaws. As the saying goes: Do Not Trust Yourself: Choose Jankson. Let's look now at some of the new tech toys coming in 2056.

## The T19:

The T19 is the sleekest and most user-friendly computing friend Jankson has put out yet;

This thing features over 3 gallons of gas storage, tar-muffin storage, (for when you get hungry!) and room for 19 lines of concurrent code.

Available at the Free Mechanical Market.

## The Jankson500

No Jankson tech toy review would be complete without the Jankson500, perhaps the most prolific and best selling creation of Jankson. This engine powers not just our homes, but our ingenuity. What was once responsible for 5000% of carbon emissions, now is located in nearly every American school. This mechanical machination is so sleek and user friendly, it's literally NEVER\* caused a child's death.

## The Martin 5 Mechanical Hat

The Martin 5 Mechanical Hat is the most used mechanic's hat in history. With protection from bumps, scraps, and boo-boos, the Martin 5 utilizes the best protection Jankson has to offer. Coming soon, additions such as the M5-1 gas mask protect its users from Torn-Lung disease, Gripper's lip, and Swamp Asthma. Protect yourself right! Choose Jankson.

\*Jankson & Co does not claim responsibility for any accidents; all users of the Jankson500 must sign a Do Not Resuscitate order when using.

Approved by the Intergalactic committee of advertising; sanctioned by Jankson & Co LLC.
